PORTFOLIO

About US

Dardos Technology Group is formed of several specialized entities where each entity offers several dedicated services in one of the fields.

Comprehensiveness is one of the main values of Dardos Technology Group, where the group embraces its clients with a one-stop-shopping mall of IT, business consultation and marketing services in addition to consultation in different technical and trading fields.

DARDOS

“Never Dreamed
About Success,
I worked For It”

Mission

Our mission is to help enterprises accelerate the adoption of new technologies, unravel complex problems that always emerge during digital transformation, and orchestrate ongoing innovation.

Vision

We manage the entire process from ideation to implementation, providing ongoing support for consumer-oriented apps as well as transformational enterprise solutions.

Providing the best solutions that will separate us from our competitors is at the core of our vision, to always have an edge in the market with long-term loyal customers.

DARDOS

A large, stylized word "DARDOS" is centered on the page. The letters are outlined in black and filled with white space. They are set against a background of several intersecting, thin, light-colored lines forming a grid-like pattern. The grid consists of both horizontal and diagonal lines, creating a sense of depth and perspective. The overall effect is modern and architectural.

Our Services

The services provided by **Dardos Technology** Group are

IT and Software Solutions:

Dardos Technology Group monitors market disruption, innovation, and digital transformation in the IT space. Dardos Technology Group runs a wide range of services including e-commerce operations, e-commerce development, e-marketing, data analysis, web application development, mobile application development, constructing network infrastructure, and assessing security and privacy standards.

Marketing Services:

Dardos Technology Group offers a combination of the best talents in the region working together in clusters, with a wide range of expertise and in different areas including marketing, design, content creation, production, market research, industry research, and animation. The Group defines itself as a boutique marketing agency dedicated to transforming brands and businesses into success stories through effective data-centric marketing approaches. The marketing group's enthusiasm for new ideas, techniques, and solutions is unparalleled and that translates to the results we deliver.

Events and Communication:

Dardos Technology Group has a specialized unit for event planning and handling for an up-and-coming Communications and Event Management agency created by a coalition of experienced, well-networked industry professionals. We have successfully implemented both large (up to 8000 people) and small events and campaigns across MENA and are confident that we "play the game" better than anyone else in MENA.

Productions and video creation:

The Dardos Technology Group includes a production unit that is professional in producing videos and editing them, the unit creates commercials and animates them if you want us to do so and if it was equipment rental that you are looking for, then we can also provide you with the equipment you need. We can help you in choosing unique and special locations for shooting your branding, commercial, documentary, or TV program.

Trade missions and business consultation:

Dardos Technology Group includes a consultancy agency for sales, business development, and export and import cases in the MENA region, with its HQ in Amman Jordan, with affiliations in Iraq, Saudi Arabia, UAE & the United States of America. Our service covers over 70 countries worldwide. The agency works on different services from the business tour to trade mission organizing and business matchmakers and lead generation to include a one-stop shop for each business in increasing the sales channels and export strategies.
